Comment

Prof. Pauletto was born in Portogruaro (Venice, Italy) in 1947. He graduated in Medicine at the University of Padova (Italy) in 1972. His career and clinical activity started as Research Fellow in the Department of Clinical Medicine of the University of Padova, where he has spent most of his activity. In 1992 he was appointed as Associate Professor of Internal Medicine. Starting from 1996 he has been responsible for the section of Vascular Medicine which included both ultrasound facilities and a laboratory of vascular biology. This enabled him to carry out not only clinical practice ma also basic and applied research in the field of vascular disease. The total impact factor of his publications is > 600; the current H-score is 32. In 2002 he was appointed as Director of Internal Medicine 1 at the University Hospital of Treviso (Italy), where he is responsible for a 75-bed ward, of whom, 30 are low-care. In 2010 he was appointed as Director of the Department of Internal Medicine in the same hospital. This Department is worth 90,000 patients/year screened at First-Aid & Emergency ward, plus another 7000 patients/year discharged from the wards of Internal Medicine 1 & 2, and Geriatrics. His teaching activity at the University of Padua consists of seminars and bed-side lessons to students of the Medical School, as well as to those in the Postgraduate Schools of Internal Medicine, Cardiology, and Vascular Surgery.

Languages spoken: English, French, Spanish. Sport activities: soccer, ski-mountaineering, sailing.
