PERSONAL SKILLS

I am a mother of three daughters and I organize myself between work and family commitments. I am a sensitive and determined person

FIRST LANGUAGE

Italian

OTHER LANGUAGES

English

- Reading ability Very good
- Writing skills Very good
- Ability of oral expression Good

RELATIONAL SKILLS

Both in the work field and through previous group experiences at a scouting level and as a private psychotherapist, I have refined my communication skills both towards young people and towards patients and with other health professionals or educational managers (teachers). I believe in the shared construction of knowledge through the comparison of ideas and opinions. I have good dialectics and I like to express my thoughts, if relevant; at the same time I have good listening skills.

ORGANIZATIONAL SKILLS

I have coordinated and still coordinate research groups made up of undergraduates, pre- and post-graduate interns and post-graduates. Furthermore, I hold the qualification of patented AGESCI Chief Educator, with educational, training, organisational, management and administrative responsibilities with participation in two training camps for educators. I am methodical in organizing and managing time and resources. I respect deadlines and commitments with precision and care, organizing the work carefully.

TECHNICAL SKILLS

- Use of PC in Windows environment and knowledge of common Microsoft Office package applications (Word, Excel, Powerpoint).
- Excellent use of the SPSS statistical package
- Fair knowledge of the LISREL statistical package
- EFI FieldNotes and EFI FieldMaker, UCLA, Division of Social and Community Psychiatry, Neuropsychiatric Institute.
- Learning of the AIRE and REWORKS bibliographic management program during a course for doctoral students held by Dr. Canepa on 11st July 2007

ARTISTIC SKILLS

I love reading and practicing various sports activities

SCIENTIFIC AWARDS

- PHD thesis Award of Italian Psychology Association (AIP), 23rd June 2008.
- Poster "Psychological well-being and life satisfaction in parents of children with leukaemia compared with parents of children with diabetes mellitus type I" rated as the most deserving by SIPPED on 8.17.2018.
- Taverna, L., Tremolada, M., Tosetto, B., Degasperi, M., Spitaler, V., Pfeifer, M., Gemmiti, C., Ezechiele, J., Ennemoser, P (2021). Abilità manuali e integrazione visuo-motoria. Effetti di un intervento di stimolazione sul genere e sulla fascia di rischio. Award poster at XVI Giornate di Neuropsicologia dell'Età Evolutiva, Bressanone 20-23 January 2021

From November 2022: member of the Third Mission Commission
From 4 April 2023: contact person for the third mission group for the 2023 edition of Science4all
From 23.2.2022: Member of the Doctoral Course in Psychological Science

INVOLVED INTERNATIONAL RESEARCH PROJECT

HORIZON Europe call: HORIZON-HLTH-2022-IND-13 Project 101095530 SYNTHEMA, Type of Action HORIZON RIA, Scaling up multi-party computation, data anonymisation techniques, and synthetic data generation
Title of the Project : Synthetic generation of hematological data over federated computing frameworks

OUH, St. Olavs Hospital, Trondheim, and Department of Psychology, NTNU. Other collaborative institutions are Department of Psychology, UIO. Department of Public Health and Nursing, NTNU, Regional Centre for Child and Youth Mental Health and Child Welfare, NTNU
Project title: Cognitive Training for Adult Survivors of Childhood Leukemia and non-Hodgkins lymphoma with Neurocognitive Sequelae: A Randomized Controlled Trial

SCIENTIFIC SOCIETY MEMBER

Ordinary member of AIP section of Developmental Psychology and Clinical Psychology from 2016 to today and Ordinary member of SIOP from 4.3.2023 and of SiPPED from 2.8. 2024

OTHER CLINICAL SKILLS

- support to patients and families, belonging to the ward, to the transplant section and to the day hospital of the Clinic of Pediatric Oncoematology of Padua, guaranteeing a constant weekly presence and continuity of care, upon request, even in case of hospitalization in other departments of the Department of Women's and Child Health (Pediatric Surgery, Emergency Pediatrics, 2nd and 3rd floor, Pediatric Hospice, etc.) and of the IRCSS IOV (Radiotherapy).
- The main types of psychological intervention carried out are: psycho-educational interventions; psycho-social interventions; individual / couple / family psychological counseling interviews; psychological support interviews for patients, parents, siblings and families; short individual, couple and family psychotherapy courses; psychological assessment / evaluations; support for parenting; preparation for procedures / pain management; psycho-pedagogical counseling at the School Service in the Hospital; counseling, support, training and supervision for healthcare professionals
- Other activities: attend the interviews conducted by the treating doctors during the various stages of the disease (diagnosis, treatment, disease re-evaluation, relapse, termination); participation in weekly department meetings; collaborations with the Hospital Social Service, the Hospital / Territorial Services (NPI, Palliative Care Unit, Dietetics and Nutrition Service, Districts, Schools) and the other Psychology / Psychoncology Services of the Triveneto; consultancy and networking with the other Departments of the Department of Women's and Child Health (eg. Child Neuropsychiatry, Pediatric Hospice, Neurophysiology and Clinical Neuropsychology); participation in meetings of the AIEOP Psychosocial WG; contact person for the Psychologists and Psycho-oncologists Group of the Venetian Pediatric Oncology Network; participation in the Coordination of Psychologists of the Padua Hospital.
- Beginning of psychological support in telematic mode to social and health workers and their families for the COVID-19 health emergency of the Department of Women's and Child Health, University of Padua. The activity is coordinated by the coordination of the hospital psychologists of Dr. Volpe

REVIEWER FOR INTERNATIONAL SCIENTIFIC JOURNALS

- Reviewer for the VQR for the research products of the three-year period 2015-2019.
- Reviewer for the international journal Pediatric Transplantation (2009-2010)
- Reviewer for the international journals Psycho-Oncology, Supportive Care in Cancer and Clinical Oncology in Adolescents and Young Adults (2013-2014)
- Reviewer for international journals: Journal of European Cancer Care, Cancer, Psycho-Oncology (2014-2016)
- Reviewer for the international journal Journal of Applied Life Sciences International, ScienceDomain international, Health Psychology, International Journal of nursing practice; Rehabilitation Psychology, Frontiers in Psychology, British Journal of Medicine and Medical Research, Journal of European Cancer Care (2016-2018), Geriatrics, International Journal of Environmental Research and Public Health (2017-2020), Asian Journal of Medicine and Health (2016 -2017), Psychology Rehabilitation (2018), Health and Quality of Life outcomes (2018), BMJ Open (2018), Frontiers in psychology (2018), Journal of Psychosocial Oncology (2018), Psychology and Health (2018), Social sciences (2018), Dove Medical Press (2018-2019), Frontiers in Psychology (2018-2019), Clinics (2019), International Journal of Nursing Practice (2016, 2020), Plos-one (2020, 2021)
- Associate editor for Frontiers in Psychology, section Pediatric Psychology from August 2022
- Associate editor for Frontiers Public Health in October 2022.
- Research topic associate editor for Frontiers in Psychology in 2017-2018
- Guest editor for International Journal of Environmental Research and Public Health from September 2019 for the special issue Children Development and Health Care in Stress and Wellbeing Contexts
https://www.mdpi.com/journal/ijerph/special_issues/children_wellbeing
- Topic board editor of Journal of Environmental Research and Public Health from 2021
- Guest editor for International Journal of Environmental Research and Public Health from October 2021 for the special issue Relationship with Technology Devices and Social Network: Screening of Psychosocial Wellbeing and Development Challenges in Children and Adolescents
