

## Articoli su riviste internazionali

- Moè, A. (2018). Mental rotation and mathematics: Gender-stereotyped beliefs and relationships in primary school children. *Learning and Individual Differences*, 61, 172-180.  
doi: 10.1016/j.lindif.2017.12.002
- Moè, A., Katz, I., & Alesi, M. (2018). Scaffolding for motivation by parents, and child homework motivations and emotions: Effects of a training programme. *British Journal of Educational Psychology*. doi:10.1111/bjep.12216.
- Mason, L., Scrimin, S., Tornatora, M. C., Suitner, C., & Moè, A. (2018). Internet source evaluation: the role of implicit associations and psychophysiological self-regulation. *Computers & Education*, 119, 59-75. doi: 10.1016/j.compedu.2017.12.009
- Moè, A., & Katz, I. (2017). Brief research report: Parents' homework emotions favor students' homework emotions through self-efficacy. *The Journal of Experimental Education*, 1-13.  
doi: 10.1080/00220973.2017.1409180
- Carraro, A., Gobbi, E., & Moè, A. (2017). More gyms or more psychological support? Preventing burnout and supporting job satisfaction in physical education teachers. *Sport Sciences for Health*, 13, 55 doi: 10.1007/s11332-016-0332-7
- Moè, A. (2016). Does experience with spatial school subjects favour girls' mental rotation performance? *Learning and Individual Differences*, 47, 11-16.  
doi:10.1016/j.lindif.2015.12.007
- Grassi, M., Di Giano, J. & Moè, A. (2016). Increasing the dive-length of swimmers through personalised targets. *International Journal of Sport Psychology*, 47, 155-164.  
doi: 10.7352/IJSP 2016.47.155
- Moè (2016). Harmonious passion and its relationship with teacher well-being. *Teaching and Teacher Education*, 59, 431-437. doi:10.1016/j.tate.2016.07.017
- Moè, A. (2016). Does displayed enthusiasm favour recall, intrinsic motivation and time estimation? *Cognition and Emotion*, 30(7), 1361-1369. doi: 10.1080/02699931.2015.1061480
- Moè, A. (2016). Teaching motivation and strategies to improve mental rotation abilities. *Intelligence*, 59, 16-23. doi: 10.1016/j.intell.2016.10.004
- Moè, A. (2015). Perceived control mediates the relations between depressive symptoms and academic achievement in adolescence. *The Spanish Journal of Psychology*, 18, 1-7.  
doi:10.1017/sjp.2015.68
- Moè, A., Cadinu, M., & Maass, A. (2015). Women drive better if not stereotyped. *Accident Analysis & Prevention*, 85, 199-206. doi: 10.1016/j.aap.2015.09.021
- Carraro, A., Gobbi, E., & Moè, A. (2014). Play fighting to curb self-reported aggression in young adolescents. *Journal of Adolescence*, 37 (2014) 1303-1307.  
doi: 10.1016/j.adolescence.2014.09.009
- Pazzaglia, F. & Moè, A. (2013). Cognitive styles and mental rotation ability in map learning. *Cognitive Processing*, 14(4), 391-399. doi: 10.1007/s10339-013-0572-2
- Moè, A. (2012). Gender difference does not mean genetic difference: Externalizing improves performance in mental rotation. *Learning and Individual Differences*, 22, 20-24.  
doi: 10.1016/j.lindif.2011.11.001
- Moè, A., & Sarlo, M. (2011). Who finds neutral pictures pleasant and relaxing? *International Journal of Psychology*, 46(2), 97-105. doi: 10.1080/00207594.2010.519778
- Moè, A., Pazzaglia, F., & Ronconi, L. (2010). When being able is not enough. The combined value of positive affect and self-efficacy for job satisfaction in teaching. *Teaching and Teacher Education*, 26, 1145-1153. doi:10.1016/j.tate.2010.02.010
- Moè, A., & Pazzaglia, F. (2010). Beyond genetics in mental rotation test performance. The power of effort attribution. *Learning and Individual Differences*, 20, 464-468.  
10.1016/j.lindif.2010.03.004

- Moè, A. (2009). Are males always better than females in mental rotation ? Exploring a gender belief explanation. *Learning and Individual Differences*, 19(1), 21-27.  
doi:10.1016/j.lindif.2008.02.002
- Moè, A., Meneghetti, C., & Cadinu, M. (2009). Women and mental rotation: Incremental theory and spatial strategy use enhance performance. *Personality and Individual Differences*, 46(2), 187-191. doi:10.1016/j.paid.2008.09.030
- Moè, A. (2009). Expectations and recall of texts: The more able–more difficult effect. *Learning and Individual Differences*, 19, 609-614. doi:10.1016/j.lindif.2009.08.002
- Zanardo, F. De Beni, R. and Moè, A. (2006). Influence of other-beliefs on self-beliefs and on everyday memory self-report in the elderly. *Aging Clinical and Experimental Research*, 18(5), 425-432.
- Moè, A., & Pazzaglia, F. (2006). Following the instructions ! Effects of gender beliefs in mental rotation. *Learning and Individual Differences*, 16, 369-377.
- Moè, A. e De Beni, R. (2005). Stressing the efficacy of the Loci method: Oral presentation and the subject-generation of the Loci pathway with expository passages. *Applied Cognitive Psychology*, 19, 95-106.
- Moè, A. e De Beni, R. (2004). Studying passages with the Loci method. Are subject-generated more effective than experimenter-supplied Loci pathways ? *Journal of Mental Imagery*, 28, 75-86.
- De Beni, R. e Moè, A. (2003). Imagery and rehearsal as study strategies for written or orally presented passages. *Psychonomic Bulletin & Review*, 10(4), 975-980.
- De Beni, R. e Moè, A. (2003). Presentation modality effects in studying passages. Are mental images always effective? *Applied Cognitive Psychology*, 17, 309-324.
- De Beni, R., Moè, A. e Cornoldi, C. (1997). Learning from texts or lectures: Loci mnemonics can interfere with reading but not with listening. *European Journal of Cognitive Psychology*, 9(4), 401-415.

## Capitoli in volumi internazionali

- Moè, A., Cornoldi, C. e De Beni, R. (2001). Strategic coherence and academic achievement. In T. E. Scruggs & M. A. Mastropieri (Eds.), *Technological Applications* (vol. 15, pp. 237-258). Oxford: Elsevier.
- Moè, A., Cornoldi, C., De Beni, R. e Veronese, L. (2004). How can a student's depressive attitude interfere with the use of good self-regulation skills? In T. E. Scruggs & M. A. Mastropieri (Eds.), *Research in secondary schools* (vol. 17, pp. 207-220). Oxford: Elsevier.
- Moè, A., Pazzaglia, F. Tressoldi, P., & Toso, C. (2009). Attitude towards school, motivation, emotions and academic achievement. In Larson, J. E. (Ed.), *Educational Psychology: Cognition and Learning, Individual Differences and Motivation* (pp. 259-274). New York: Nova Science Publishers.
- Moè, A. (2011). Gender stereotypes and mental rotation: the role of self-beliefs. In E. L. Simon (Ed.), *Psychology of stereotypes* (pp. 293-305). New York: Nova Science Publishers.
