

Prof. Stefano Schiavon - Pubblicazioni citate in Scopus alla data del 3 luglio 2013.

- 1) Tagliapietra, F., Cattani, M., Hansen, H.H., Bittante, G., Schiavon, S. High doses of vitamin E and vitamin C influence in vitro rumen microbial activity (2013) *Animal Feed Science and Technology*, . Article in Press.
- 2) Cesaro, G., Tagliapietra, F., Grigoletto, L., Cecchinato, A., Dannenberger, D., Bittante, G., Schiavon, S. Fecal sample preparation methods for gas chromatography analysis of fatty acids of ruminants fed different amounts of rumen protected conjugated linoleic acids (CLA) (2013) *Animal Feed Science and Technology*, . Article in Press.
- 3) Schiavon, S., Bittante, G. Double-musclcd and conventional cattle have the same net energy requirements if these are related to mature and current body protein mass, and to gain composition (2012) *Journal of Animal Science*, 90 (11), pp. 3973-3987.
- 4) Schiavon, S., Tagliapietra, F., Dalla Montà, G., Cecchinato, A., Bittante, G. Low protein diets and rumen-protected conjugated linoleic acid increase nitrogen efficiency and reduce the environmental impact of double-musclcd young Piemontese bulls (2012) *Animal Feed Science and Technology*, 174 (1-2), pp. 96-107. Cited 2 times.
- 5) Tagliapietra, F., Cattani, M., Hindrichsen, I.K., Hansen, H.H., Colombini, S., Bailoni, L., Schiavon, S. True dry matter digestibility of feeds evaluated in situ with different bags and in vitro using rumen fluid collected from intact donor cows (2012) *Animal Production Science*, 52 (5), pp. 338-346. Cited 3 times.
- 6) Cecchinato, A., de Marchi, M., Penasa, M., Casellas, J., Schiavon, S., Bittante, G. Genetic analysis of beef fatty acid composition predicted by near-infrared spectroscopy (2012) *Journal of Animal Science*, 90 (2), pp. 429-438. Cited 3 times.
- 7) Cattani, M., Tagliapietra, F., Bailoni, L., Schiavon, S. Synthetic and natural polyphenols with antioxidant properties stimulate rumen microbial growth in vitro (2012) *Animal Production Science*, 52 (1), pp. 44-50.
- 8) Tagliapietra, F., Cattani, M., Hansen, H.H., Hindrichsen, I.K., Bailoni, L., Schiavon, S. Metabolizable energy content of feeds based on 24 or 48h in situ NDF digestibility and on in vitro 24h gas production methods (2011) *Animal Feed Science and Technology*, 170 (3-4), pp. 182-191. Cited 6 times.
- 9) Cesaro, G., Grigoletto, L., Bittante, G., Schiavon, S. A comparison among analytical methods to assess fatty acids and conjugated linoleic acids (CLA) content and repeatability of ruminant faeces (2011) *Agriculturae Conspectus Scientificus*, 76 (4), pp. 349-352.
- 10) Pellattiero, E., Cecchinato, A., de Marchi, M., Penasa, M., Tormen, N., Schiavon, S., Cassandro, M., Bittante, G. Growth rate, slaughter traits and meat quality of lambs of three alpine sheep breeds (2011) *Agriculturae Conspectus Scientificus*, 76 (4), pp. 297-300.
- 11) Schiavon, S., De Marchi, M., Tagliapietra, F., Bailoni, L., Cecchinato, A., Bittante, G. Effect of high or low protein ration combined or not with rumen protected conjugated linoleic acid (CLA) on meat CLA content and quality traits of double-musclcd Piemontese bulls (2011) *Meat Science*, 89 (2), pp. 133-142. Cited 8 times.
- 12) Schiavon, S., Tagliapietra, F., Bailoni, L., Bittante, G. Energy requirements of double-musclcd Piemontese bulls (2010) *EAAP Scientific Series*, 127 (1), pp. 315-316. Cited 1 time.
- 13) Schiavon, S., Tagliapietra, F., Maso, M.D., Bailoni, L., Bittante, G. Effects of low-protein diets and rumen-protected conjugated linoleic acid on production and Carcass traits of growing double-musclcd Piemontese bull (2010) *Journal of Animal Science*, 88 (10), pp. 3372-3383. Cited 9 times.
- 14) Tagliapietra, F., Cattani, M., Bailoni, L., Schiavon, S. In vitro rumen fermentation: Effect of headspace pressure on the gas production kinetics of corn meal and meadow hay (2010) *Animal Feed Science and Technology*, 158 (3-4), pp. 197-201. Cited 5 times.
- 15) Dal Maso, M., Tagliapietra, F., Cattani, M., Fracasso, A., Miotello, S., Schiavon, S. Characteristics of dairy farms in the North-Eastern part of Italy: Rations, milk yield and nutrients excretion (2009) *Italian Journal of Animal Science*, 8 (SUPPL. 2), pp. 295-297.
- 16) Tagliapietra, F., Cattani, M., Maso, M.D., Schiavon, S. Effects of water extracts from chicory and BHT on the in vitro rumen degradation of feeds (2009) *Italian Journal of Animal Science*, 8 (SUPPL. 2), pp. 340-342.
- 17) Schiavon, S., Maso, M.D., Cattani, M., Tagliapietra, F. A simplified approach to calculate slurry production of growing pigs at farm level [Un approccio semplificato per valutare, su base aziendale, la produzione di liquami freschi di suini in crescita] (2009) *Italian Journal of Animal Science*, 8 (3), pp. 431-455. Cited 1 time.
- 18) Dal Maso, M., Schiavon, S., Tagliapietra, F., Simonetto, A., Bittante, G. Growth performance and N excretion of double musclcd Piemontese bulls fed low protein rations with or without the addition of rumen protected conjugated linoleic acid (2009) *Italian Journal of Animal Science*, 8 (SUPPL. 3), pp. 175-177. Cited 7 times.
- 19) Cattani, M., Tagliapietra, F., Bailoni, L., Schiavon, S. In vitro rumen feed degradability assessed with DaisyII and batch culture: Effect of sample size (2009) *Italian Journal of Animal Science*, 8 (SUPPL. 3), pp. 169-171. Cited 1 time.
- 20) Miotello, S., Bondesan, V., Tagliapietra, F., Schiavon, S., Bailoni, L. Meat quality of calves obtained from organic and conventional farming (2009) *Italian Journal of Animal Science*, 8 (SUPPL. 3), pp. 213-215.
- 21) Tagliapietra, F., Schiavon, S., Simonetto, A., Dal Maso, M., Bailoni, L. Effects of fat supplementations on milk production and composition, ruminal and plasma parameters of dairy cows (2007) *Italian Journal of Animal Science*, 6 (SUPPL. 1), pp. 367-369.
- 22) Schiavon, S., Ceolin, C., Tagliapietra, F., Bailoni, L., Piva, A. The allometric partition of whole body protein in lean fraction of growing pigs using information from three different datasets (2007) *Italian Journal of Animal Science*, 6 (SUPPL. 1), pp. 357-359.
- 23) Tagliapietra, F., Bondesan, V., Dal Maso, M., Schiavon, S., Merenda, M., Stefani, A., Schiavon, S. Effects of raw soybean seeds low in antinutritional factors on growth performance, carcass quality and nitrogen excretion of heavy pigs in an organic farm (2007) *Poljoprivreda*, 13 (1), pp. 61-65.
- 24) Schiavon, S., Gallo, L., Carnier, P., Tagliapietra, F., Ceolin, C., Prandini, A., Piva, A. Use of simple body measurements and allometry to predict the chemical growth and feed intake in pigs (2007) *Italian Journal of Animal Science*, 6 (1), pp. 27-44.

- 25) Bailoni, L., Mantovani, R., Pagnin, G., Schiavon, S. Effects of physical treatments on the resistant starch content and in vitro organic matter digestibility of different cereals in horses (2006) *Livestock Science*, 100 (1), pp. 14-17. Cited 2 times.
- 26) Tagliapietra, F., Ceolin, C., Schiavon, S. On-farm estimation of pig growth parameters from longitudinal data of live weight and feed consumption and the use of a mathematical model (2005) *Italian Journal of Animal Science*, 4 (SUPPL. 3), pp. 116-118. Cited 1 time.
- 27) Tagliapietra, F., Ceolin, C., Schiavon, S. Sow rearing in north Italy: II. Analysis of nitrogen balance in different herds (2005) *Italian Journal of Animal Science*, 4 (SUPPL. 2), pp. 476-478. Cited 1 time.
- 28) Ceolin, C., Tagliapietra, F., Schiavon, S. Sow rearing in north Italy: I. Analysis of technical and productive characteristics of different herds (2005) *Italian Journal of Animal Science*, 4 (SUPPL. 2), pp. 473-475. Cited 1 time.
- 29) Xiccato, G., Schiavon, S., Gallo, L., Bailoni, L., Bittante, G. Nitrogen excretion in dairy cow, beef and veal cattle, pig, and rabbit farms in Northern Italy (2005) *Italian Journal of Animal Science*, 4 (SUPPL. 3), pp. 103-111. Cited 14 times.
- 30) Ceolin, C., Tagliapietra, F., Schiavon, S. Simulation of growth performance of heavy pigs with different inherent growth characteristics kept on two restricted feeding planes. (2005) *Italian Journal of Animal Science*, 4 (SUPPL. 3), pp. 113-115. Cited 1 time.
- 31) Bailoni, L., Schiavon, S., Pagnin, G., Tagliapietra, F., Bonsembiante, M. Quanti-qualitative evaluation of pectins in the dietary fibre of 24 foods (2005) *Italian Journal of Animal Science*, 4 (1), pp. 49-58. Cited 2 times.
- 32) Schiavon, S., Tagliapietra, F., Bailoni, L., Bortolozzo, A. Effects of sugar beet pulp on growth and health status of weaned piglets [Effetto delle polpe secche di bietola sull'accrescimento e lo stato di salute di suinetti in post-Svezzamento] (2004) *Italian Journal of Animal Science*, 3 (4), pp. 337-351. Cited 2 times.
- 34) Mordenti, A., Bosi, P., Corino, C., Crovetto, G.M., Casa, G.D., Franci, O., Piva, A., Prandini, A., Russo, V., Schiavon, S. Aspa commissions' activity a methodological approach to assess nutrient requirements of heavy pigs in Italy [Un approccio metodologico per la definizione dei fabbisogni nutritivi del suino pesante italiano] (2003) *Italian Journal of Animal Science*, 2 (1), pp. 73-87. Cited 4 times.
- 35) Tagliapietra, F., Williams, B.A., Awati, A., Bonsembiante, M., Schiavon, S., Verstegen, M.W.A. In vitro degradation kinetics of four carbohydrates using ileal and faecal inocula from suckling piglets (2003) *Italian Journal of Animal Science*, 2 (SUPPL. 1), pp. 195-197. Cited 1 time.
- 36) Schiavon, S., Tagliapietra, F. Compared analysis of factors affecting risk of N pollution of sows reared indoor or outdoor (2003) *Italian Journal of Animal Science*, 2 (SUPPL. 1), pp. 400-402.
